### Sun bear dies in suspected collision

**SEREMBAN:** A male sun bear was found dead in a ditch in Jalan Ulu Bendul, Bukit Putus near here on Tuesday night. It is believed that the 85kg bear was hit by a vehicle while roaming the road. State National Park and Wildlife Department director Nurul Ermi Ramli said the carcass was found at 9.10pm by one of the department's officers in Jempol. "The bear suffered severe injuries to the head and body in the suspected collision with a vehicle. It is also believed that the bear had wandered out of its habitat in the Angsi and Berembun forest reserves," she said yesterday, adding that there had been reports of three sun bears roaming the same road this year. She also advised road users to be more careful when driving in the area. **Bernama**
